

KNOW SOONER. PREPARE EARLIER.

Audit Watch helps members stay informed about changes in their IRS account - before a notice becomes a crisis.

For individuals and businesses

What is Audit Watch?

Audit Watch is a membership-based IRS account monitoring service. After identity verification and authorization, the Taxpayer Protection Foundation monitors the member's IRS account through its system and keeps the member informed. The goal is simple: identify potential concerns early so the client has more time to understand the issue, organize records, and choose the right professional support.

WHAT MEMBERS RECEIVE

- ✓ Ongoing IRS account monitoring
- ✓ A monthly Audit Watch status report when the account is clear
- ✓ Notification within 24 business hours when an issue is flagged
- ✓ Guidance on practical next steps and professional support options

ADDITIONAL MEMBER ACCESS

- ✓ Preferred pricing through trusted member partners
- ✓ Tax strategy and financial-planning resources
- ✓ A 10-year investigative tax history report option
- ✓ Coordination with the client's current CPA or an in-network provider

How clients use the program
